Notice to Homeowner/User:

Radon systems should be serviced by qualified personnel only. It is advised that this building be tested for radon at least every two years or as required or recommended by state and local agencies. Retesting is also recommended if the building undergoes significant alterations. This device does not measure the amount of radon or other radioactive elements, and does not guarantee system performance. It is the user's responsibility to check this gauge periodically.

For more information call the National Radon Hotline at:
1-800-55Radon (557-2366)
Or visit www.epa.gov/radon

Manometer manufactured by: Radon Supplies
www.radonsupplies.com

Not to size. Actual finished label is 3.25" x 6.5"

Lead time: A digital rendition of your custom label will be sent to you for approval. Once we receive your approval by signing off the order will be processed. You will receive your custom labels within 3 weeks.
